

Company policy

Tecno Line srl intends to be the strategic supplier of furniture metal parts in Europe and worldwide.

We want to:

- Understand the customer needs through a close and open communication
- Understand the industry development and always be in the forefront
- Be a champion in our industry thanks to innovative solutions
- Support our customers at any time, because the success of our customers is also our success
- Deliver products that meet customer requirements.

To achieve it, we want to:

- Spread the Continuous Improvement Mentality around
- Create a solid, well-established team with experienced seniors and vigorous juniors
- Promote the training and the education of our employees
- Create an organization that examines the costs of non-quality and realizes faultless products
- Keep our suppliers for genuine partners who share our goals and our quality
- Work in full compliance with environmental regulations, promote internally and externally pollution prevention and environmental protection
- Ensure a healthy and safe work environment
- Reject the child, forced and compulsory labour
- Ensure equal opportunities, without discrimination based on age, ethnicity, skin colour, religion, sex, sexual orientation or disability.

Tecno Line srl is constantly committed to the timeliness of the policy, the appropriateness of the resources, the methods and the means of information. Periodically, the actuality of the objects, the risk analysis and the objectives are monitored, so that they can be met smoothly.

We are proud of our work and want our customers to be proud of having Tecno Line as a strategic partner.
